DEPARTMENT OF FRESHMEN ENGINEERING

Internship Program for B. Tech I Year Students @ SMEC

Keeping in the view of the industry requirements and Students placements, the budding technocrats must require efficiency in their particular fields. In this regard, a new beginning is taken by SMEC in the name of internship programme for B. Tech I year Students. The internship sessions are conducted for the department wise as follows:

Forenoon : CSE (A, B, C, D) & IT-A

Afternoon : IT-B, C & CSE (AI&ML) A, B, C

Topics covered :

- i) On-click events in Java script and variables in C
- ii) Amazon item display using java script, HTML audio file and changes in HTML style
- iii) Creating product cards using HTML programming and changing background colour in java script.

Day : Thursday

Date : 29-02-2024

Venue : Subash Chandra Bose block (Block-7)

Room Numbers : 7112, 7113, 7310

On-click events in Java script and variables in C, Amazon item display using java script, HTML audio file and changes in HTML style, Creating product cards using HTML programming and changing background color in java script, Amazon item display using java script, HTML scenarios encompass a range of skills and technologies relevant to students in live internships, including front-end web development, JavaScript programming, HTML/CSS styling, and API integration. Mastering these skills equips students with the knowledge and experience needed to succeed in the rapidly evolving field of web development.

The internship program for day 10 has been successfully conducted, thanks to the attentiveness of the students and the diligent monitoring of faculty coordinators.

The feedback received from students on their final day of internship reflects a highly successful program that has met or exceeded their expectations. The positive responses indicate that the internship has provided valuable learning experiences, high-quality mentorship, and a supportive organizational culture.
